

SCORE

HUMAN COMPUTER INTERACTION
2nd Semester SY 2024-2025
Midterm Examination

Name: _____

Date: _____

Course and Year: _____

Section: _____

GENERAL INSTRUCTIONS

1. Mind your own monitor. Anyone caught collaborating with his/her fellow students will automatically receive a score of 0 for the test and be sanctioned in accordance with the provisions of the Student Handbook and other relevant university or school policies.
2. You are allowed to use the internet but do not collaborate with your classmates.
3. All electronic devices are to be silenced and stored for the duration of the examination.
4. Address all inquiries or concerns to the proctor/instructor.

Objectives:

1. To assess the correct use of HTML and CSS.
2. To evaluate the use of inline, internal, and external stylesheets.
3. To evaluate the student's ability to create a website using HTML and CSS.

Evaluation:

1. Design and develop a fully functional, responsive website based on a specific theme. The website should demonstrate strong visual design, user experience, functionality, technical quality, engaging content, and creativity.
 - a. Create your portfolio website.
 - b. Use HTML and CSS to build your website.
 - c. Ensure your website is visually appealing and accessible.
 - d. Include at least 3 web pages (e.g., Home, About, Contact).
 - e. Ensure clean and well-structured code.
 - f. Write original, well-structured content relevant to your theme.
 - g. Ensure proper grammar, clarity, and conciseness.

Category	Criteria	Total Points	Deduction Score
Visual Design	Aesthetics, layout, color scheme, typography, and branding	20	-5 points for every page with poor visual design, inconsistent branding,
User Experience	Navigation, usability, and accessibility	20	-5 points for every page with poor responsiveness and accessibility issues.
Functionality	Features, interactivity, and responsiveness	20	-5 points for every page with poor functionality and limited interactivity.
Technical Quality	Code quality and performance	20	-5 points for every page with poor coding practices.
Content	Relevance, grammar, clarity, and originality	10	-3 points for every page with grammatical errors and copied contents.
Innovation & Creativity	Uniqueness, originality, and innovation	10	-3 points for every page with no originality or having a generic design.
TOTAL SCORE:		100 Points	

The roots of the achievement lie in the will to become the best that you can become...
